Beyond All Kope and Skill of the Doctors.

The most beautiful and lovabes thing on earth is a little ch lit; is it any wonder that the heart aches hardest when the little one, the brightest star in the world's ornaments, suffers in the grasp of a terrible disease.

All can therefore understand the bitter and heart-felt grief of Mrs., H. H. Watsen of 153 Bloomingdale R., Wercester, Mass., when her darling little form-year-old child, of most singular sweetness and beauty, was selzed with severe and serious nervous disease, and parents alone can appreciate the depth of her joy and thank-tulness when the little ido. of her heart was suddenly snatched back from the grave, as it were, after doctors and friends had given up all hope.

"My liftle daughter, Ethel May, was terribly and alarmingly sick. She had twenty-six convulsions in two years. Her nerves were very week, her appette very bad; she could not sleep nights, her limbs would draw up, and she anflered, oh, so much! She was as yellow as saffron, and make and delicate.

weak and delicate.

"Our local doctors gave her up, saying she could not be cured.

"Rut thanks to a wongerful medicine she is now perfectly well and healthy. This remedy is Dr. Greene's Nervara blood and nerve remedy, and it has completely cured my little girk."

HITTLE ETHEL MAY WATSON.

Another grateful mother as Mrs Henry Fry, who reades at 4 Film Flace, South Boston, Mass. She too had a daughter who suffered, terribly from St. Vitus Dance, an sharming nervolus affection, but by the same marvellous remedy, her child has also been restored to perfect health. Here is what she says:

"My daughter, twelve years old, became affected with St. Vitus Dance. I at once placed her under the care of physicians at the Boston Dispensary, where she was treated for three mooths. She grew worse until she entirely lost her speech, and the right arm became useless. I tried other semedies without benefit.

Pitiable Complaints Made by Passengers on the Normannia,

A Strong Appeal Made to Governor Flower.

SANDY KOOK, Sept. 9. The Hamburg American Life steamship Wieland, from Hamburg, which arrived in lower quarantine soen after seven o'clock this morning, has her yellow flag boisted, indicating that she has sickness, if not cholera, aboard and in all likelihoof she has some cases of the scounge. The Wieland carries both cabin and steerage passengers. The yellow flag has also been hoisted on the infected steamer Norma mia and it is evident there is more stekness aboard of her. The yellow flag of the Rugia and Mornvin have not been hoisted this morning.

The White Star line steamer Britannic, from Liverpool, passed here at 8.30 for New York and steamled that all warms.

The White Star line steamer Britannic, from Liverpool, passed here at 8.30 for New York and signalled that all was we l. Steamer Joseph John which left Hainburg, August 20, passed Sandy Hook for New York at 8.28 this morning. The Joseph John is a cramp steamer, but is quite Hiely to have a number of immigrants aboard. The yellow flag is also flying at Hoffman Jaland.

Frank Detained by the Patrol Flact New York, Sept. 9. A Quarantine patroi, consisting of a fleet of three small government ateam vessels, which was ordered to duty in East river, cruised up the Sound as far as Willet's Point, yesterday, Instructions had been issued to Lieut. Bell, who is in charge of the fleet, to detain vessels attempting to enter from any foreign port.

tain vessels attempting to enter from any foreign port.

Last night, Collector Hendricks reported to Secretary Foster that four vessels and been stopped. Three were from Canadian ports and one from a European port. Collector Hendricks received notice from Lieut. Bell that there was no physician on hand to examine or report on the santiary condition of the ships, their passengers or cargoes Dr. Jenkine, it was said last night, would be said to detail a physician to do duty aboard the patrol boats. by the same marvellous reknedy, her child has also been restored to parfect health.

Here is what also says

"My daugater, twelve years old, became affected with St. Vitus Dance. I at once placed her under the care of physiciaus at the Boston Dispensary, where she was treated for three mooths. She grow worse until she entirely lost her speech, and the right arm became uselssa. I tried other semedies without benefit.

"Finally I began the use of Dr. Greene's Nervura blood and nerve resnedy, and before finishing one bottle she could talk. She has now used its bottles and she talks as well as ever, has perfect use of her arm, and is wonderfully improved in all respects.

"The effects of this wonderful medicine in her case has excited great interest in many neighbors and friends who are acquainted with the facts."

With such evidence of he marvellous power to cure disease that Dr. Greene's Nervura blood and nerve remedy possesses, no mother who regards the welfare of her chilid will hesitate for an instant to give it this great medicine. A care is sure. The remedy can be got at the dreggists and is mrely vegetable and perfectly harmless to give to children of any age. It is the practriction and discovery of Dr. Greene, of 34 Temple Place, Beston, Mass., the eminent specialist in caring nervous and chronic diseases, who can be consulted free in regard to any case, personally or by letter.

AN AUTUMN CALIFORNIA FACURSION.
With the growing popularity of California as a winter resort comes a demand for an early excursion to the Pacific coast, in order that the entire season may be spent in that favored region. There are many also who desire to make the transcontinental journey by the shortest and most direct routes and as expeditiously as may be consistent with perfect comfort. A trip for the accommodation of such people has been arranged by Measrs. Raymond & Whitcomb, with the date of departure of the party from Boston Thursday, October 13. The halts by the way are intended for rest, and will comprise a stay in Chicago from Saturday morning and Information day morning, and brief stops at Las Vegas Hot Springs and Santa Fe. The party will arrive in Southern California Saturday, October 22, and its members will have entire freedom of movement during the winter, the return takets being good for several months and allowing a choice of routes. A book giving full information may be obtained free of Eaymond & Whitcomb, 286 Washington street, Boston.

All Eves on Maine.

The canvass in this State is now practical y over. On the part of the Republicans it has been marked by a dignified and candid discussion of the great questions before the people, while the chief characteristic of the Democratic canvass has been the persistent attempt to deceive the voters. Either downright falseod ; or misleading statements calculated to hise the truth have taken the place of argument in the Democralic meetings.

The reason for this is easily understood There is not a question now before the propir that the Democratic orators dare neet in houest discussion. Maine is a ection State, hence the Demecrats are afraid to openly advocate the free trade loctrine contained in their National plat-They have traveled from one end of the State to the other denouncing the tariff, trying in their small way to dupli-cate she campaign of 1800 which was imply a tissue of falsehoods, but when asked if they propose to establish free trade,branch off and proceed to talk about "incidental protection," although they now that with a tariff for revenue only there can be no protection whatever. In a word they do not dare show their hand until after the election.

Maine is an honest money State and ly nenclaim the attitude of their party on the question of the free coinage of silver. The record of the party is very clear on this point, however, and the people understand it. Nothing in the future is more certain than that Democratic success in the National election means the free coinage of silver, but the Democratic orators have refrained from any mention of this subject, preferring not to show their hand

On the question of State finances we find the same determined effort to mis-lead the people. In every town that he has spoken Candidate Johnson has made statements that he knows to be false, because he is not a fool and the plain facts in the case are so simple that the average school boy has no difficulty in understanding them. The burden of his cry has been State taxation and the people have been sold how they are oppressed, when as a matter of fact in 240 of the towns in e State the people receive more from the State treasury for school purposes than they pay in tax. In 1882, when we ocratic Governor, the State tax by counties amounted to \$1.027.797.86; in 1892, with a Republican Governor the State flax amounted to \$850,599,02, a baloce in favor of Republican rule of \$177,-198.64. From 1869 to 1892 there has been a reduction in the State debt of \$4,576,-070.01; there has also been a reduction in the annual interest account since 1870 amousting to \$405,619,00.

These are figures that cannot be controvertee and they show the klad of deception the Democrate are easking to practice open he people. On Monday next the voters of this State are to decide one ore between these parties. On the Republican side they have questions of the utmost importance clearly and candidly states; on the Democratic side they have falselsted and subterfuge. All eyes are spon Maine and the should be true to he past record of devotion to the great principles of good government. A Democratic vote is a vote in the interest of free trade and fate sliver; a vote for the Rep ticket is a vote for protestion and hence

Is Your Name on the List? Every Republican who has not already given his attention to he matter should see that his name is correctly entered

upon the voting list. This is the last day the Registration Board will be in session and it will only require a few minutes to make sure that your name is ou the list. On Monday every Republican should go to the polls and depost a straight ticket. Do not lose your vote by neglecting to examine the lists in due season. Personal registration is not required, but as the list has been revised under the new law see to it that your name is registered.

New York Sept. 9. The special meeting of the chamber of commerce was held this atternoon for the purpose of tendering to the state and city authorities the cooperation of the chamber in preserving the chapter of all passengers from the stricken saipe. The call for the meeting was signed, among others, by Seth Low, John Himmin, Henry Clews, Charles S. Fairchild, J. Pierpont Morgan, D. O. Mills and August Belmont. Secretary of the Treasury Foster was in attendance.

Seth Low offered a series of resolutions, which were adopted. These commended the efforts of the authorities in keeping the cholera out of the city, deploring the necessary precaution of keeping passengers and crews on board the stricken vessels for almost a week, while the cholera continued its deadly work in their mider, planed on record the chamber's hearty appreciation of the energetic action of the faceral government and the state authorities at quarantine and the health department of this ci.y. LOON LAKE, N. Y., Sept. 9. After directing the Secretary of War to set apart a portion of Sandy Hook for the quaranticed steamblips passengers, President Harrison telegraphed to the Secretary of the Treasury and cantioned him as to the difficulty of maintaming a proper quarantice camp if established and also as to the possible embarassment that might arise if rom the removal of the passengers out of the judisdiction of the New York officers. Both of these questions must be left to the judgment of the officers on the ground. (The President also directed that notice be given all steamship companies that if they persisted in bringing emigrants from infected ports, it might result in their being denied entrance to our harbor.

Mr. F. C. Winslow of Freeport, Ill., one of the oldest and most respected citizens of that busing city, celebrates his restoration to health and strength at the advanced age of eighty-three, by writing a poem entitles "I know I'm old," which has appeared in several western journals.

i know I'm eki, for years have gone,
Like eccan waves they pass;
While mainhood's strength and youtaful morn.
Their chadows o'er me cast.
Yes in my heart a fountain flows
Of leve and peace and sweet repose,
And sympathy still rising high
Shines out like stars in evening eky.

he was the last of the poets who sang so long together for the glory of New England, and in certain respects he was the one peet who was most fully possessed with the spirit of New England; the one who best portrayed is verse her knd-scapes and expressed most subtly as well as with the sharpest realism the temper of her people. For Longfellow was cosmopolitan; and it is easy to imagine the Lowell of later years as dwelling in comfort on foreign soil. Bryant could have chanted his Lymns to nature and to death under a different sky, and Emerson, in spite of his intense love of the New England soil, was a poet-philospher of universe. But it is hard to think of Whittier without at once coupling with his same New England soens and New England likes. Mrs. Silas McKeen has gone to vestern part of the State for a visit. Fret Ball Greaty. The Harvard foot hall team will have a former Bowdoin player this fall, and one was detirented I inself by exact est unusual strength An yet his mental quickness, his interest is all things per-

woman's suffering and woman's weakness. Dr. Pierce's Favorite Prescription puts a stop to it. It's a remedy for all the delicate derangements and disorders that make her suffer, and a cure for all the dis-cases and disturbances that make her wea:. It's a legitimate medicine, that corrects and cures; a tonic that invigorates and builds up; a nervine that soothes and strengthens. For bearing-cown pains, displacements, all the functional irregularities peculiar to the sex, it's a safe and certain remedy.

Other medicines claim to care That's true. But they don't claim to do this: if the Favorite Prescription fails to give satisfaction, in any case for which it's recommended, the money paid for it is refunded.

Judge for yourself which is likely to be the better medicine. And think whether something else offered by the dealer is likely to be "just as good."
You pay only for the good you get.
On these terms it's the cheapest.
